

# Within the Depths of a Darkened Forest

## Autumn's Grey Solace

Learn to be humble  
Even if it hurts  
Flowers die inside  
Deepening the pain  
Help me from this darkened forest  
Aching to be real

Died away somehow  
Haunting words unlearned  
Sift'em from my mind

Yearn to be someone  
In a memory  
Perpetual dreaming  
Sound asleep  
Help me from this deadly notion  
Aching to be real

Died away somehow  
Haunting words unlearned  
Sift'em from my mind  
Died away somehow  
Haunting words unlearned  
Sift'em from my mind

Had I lost the will to stay  
In my own heart  
Had I learned to be distant  
From a certain spell  
Had I felt the numbness  
Take me from my pain
