I'm scared that you can't see
All the things I see
And maybe I'm wrong
I, I have this [?]
Break all
[?]
So give me some more
And I'm, I'm not saying I'm lonely
But I feel like the only kid keeping
score
And I, I am a fire, [?] going higher
I'm burning the land
And all changing is heavy
But won't
you let me
I am what I am
I, I know whose around me
And the nose about me
And I know who is
not
Sweet, sweet yellow vision
Make a revision
Here is my thought
I am on fire, smoke going
higher
I'm burning the land
Oh I, I am a fire, [?] going higher
And burning the land
And all
changing is heavy
But won't you let me
I am what I am
And I'm, I'm scared that you can't see
All
the things I see
And maybe I'm wrong
