

# Bad Vibe

## M.O, Lotto Boyzz & Mr Eazi

[Intro: M.O]

I'm on a wave

I'm on a wave, yeah-eh-eh

I'm on a wave

I'm on a wave, yeah-eh[Verse 1: Lotto Boyz]

Me, myself and I don't need you

Yeah yeah, yeah yeah yeah

There's something 'bout them looks, deceitful

Yeah yeah, yeah yeah yeah

What goes around comes around, karma

I don't fuss, I don't want drama

You know me and you know, we know, saga

We can go distance, lasting forever, yeah yeah yo

Manners don't deserve manners

Bad vibes don't deserve badders

And the [?] vanish

'Cause when you step in, gyal, you have finishing moves

Now you leave a brother really confused

Dem other gyal dem mimicking you

It must be the M.O in you 'cause you're holding all this [?]

Spending money quite fast

Baby girl, you're quite bad

How you do it like that, like that?

[Chorus: M.O]

Go away, go away, go away, go away

If you're only gonna bring bad vibe, bad vibe, bad vibe, bad vibes

Ay-ya-ya

You can stay, you can stay, you can come over here

If you know how to have good time, good time, good time, good time

Ay-ya-ya[Post-Chorus: M.O]

Don't want none of that, no, none of that

Don't want none of that, no, none of that, no

Don't want none of your bad vibe, bad vibe, bad vibes

Don't want none of that, no, none of that

Don't want none of that, no, none of that, no

Don't want none of your bad vibe, bad vibe, bad vibes

[Verse 2: Mr Eazi]

I want the best for you

I want to give you all my love

Promise today with you

As long as you give me all your love

I won't be the kind of guy that could leave you hanging, leave you ah-ha

Give you from night to morning  
I make you happy  
Positive vibes, I can give  
Give me chance, my gyal, you will see  
I know your body believe  
[?]
