

Split

Byron Juane

[Pre-Chorus]

Yeah, thoughts everywhere
Money on my mind
I can not compare
Split on everything
It cost me everything, it cost me everything

[Chorus]

But I know that I'm splitting my mind
And I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah, splitting my mind and I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah yeah, naw, naw, naw, naw, naw, naw, naw, naw
Splitting my mind and I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know

[Verse 1]

Yeah, yeah, what can I say?
I'm feeling myself
I'm switching moves everyday
Switching like I'm moving lanes
Like in my right, every night
Like my heart fights to do what is right
I need to relax
Got too much weight back on my back
Like it's a million stacks
That's a check that I ain't willing to cash
This feeling I got in my chest it won't stop
Like I know it's so wrong but it just feels so right
I yeah I gotta fight it I got too much well
But satan in my mind he say that he knows my will
That's what you say (You say)
Feel like God went MIA
In a way I fight today
But I'm split what can I say?

[Pre-Chorus]

Yeah, thoughts everywhere
Money on my mind

I can not compare
Split on everything
It cost me everything, it cost me everything

[Chorus]

But I know that I'm splitting my mind
And I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah, splitting my mind and I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah yeah, naw, naw, naw, naw, naw, naw, naw, naw, naw
Splitting my mind and I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know

[Verse 2]

Yeah, yeah, what can I do?
I'm losing control darkness is making it's way
Living like I can't escape
Like in plain sight with my own eyes
While my heart fights to do what's right
Thinking ahead of the game
Gotta be better than
I've been ahead of things for along time
But this time I don't know
My sins on a roll keep good grace here
Don't approach me been too long gotta proceed like ay ay
Turn dark to the day yeah
Ain't no other way yeah
And I know it's true yeah
Got too much on me
I pray that God can hold me
Been out of mind you told me ain't no life without me
Surely I know

[Pre Chorus]

Yeah, thoughts everywhere
Money on my mind
I can not compare
Split on everything
It cost me everything, it cost me everything

[Chorus]

But I know that I'm splitting my mind
And I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah, splitting my mind and I know they ain't tell me I know
I ain't the same since I wanted to change yeah I know
Yeah yeah, naw, naw, naw, naw, naw, naw, naw, naw, naw
Splitting my mind and I know they ain't tell me I know

I ain't the same since I wanted to change yeah I know

[Post-Chorus]

Yeah thoughts everywhere
Money on my mind
I can not compare
Split on everything
Cost me everything
Cost me everything
