

# Mamacita (feat. Rico Nasty)

## Lil Yachty

Aww yeah (Ayy)

Aww yeah (Ayy)

Aww yeah (Ayy)

Aww yeah, aww yeah, aww yeah, aww yeah Mamacita, never seen her 'less the green involved

Only call you when she need you 'cause she want it all

Don't believe her, she deceivin', you should leave her

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)

Mamacita, she a diva, but she put in all

Pour a liter, light the tree up, just to keep her calm (it keep her calm)

This two seater, got the heat up in the seats

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)

I wouldn't trust her, you should duck her, she thinks you're a fucker

I had her first, and then my friend, and now she with my brother

I bought the black but then I had to go and change the color

To somethin' crazy, promise you will never see another

Aww yeah, we been winnin', aww yeah

I done put diamonds in all of my brothers' ears (bling)

I ran out of time for chasin' after your tears

Whenever you hear music at a party, know she's near Mamacita, never seen her 'less the green involved

Only call you when she need you 'cause she want it all

Don't believe her, she deceivin', you should leave her

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)

Mamacita, she a diva, but she put in all

Pour a liter, light the tree up, just to keep her calm (it keep her calm)

This two seater, got the heat up in the seats

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)

Puerto Rican diva, he call me his mamacita

He don't like to show emotions so it's hard to read him

I'm in the field, you in the bleachers, smokin' Cali reefer

I need the bag from Indonesia, watch him swipe his Visa

I just went and got the new one, tell that girl to keep up

I'm like everyone's a teaser, now your dude's a keeper

Mamacita so bonita, but I had to freeze her

It still ain't colder than my car, tell that girl to speed up Mamacita, never seen her 'less the green involved

Only call you when she need you 'cause she want it all

Don't believe her, she deceivin', you should leave her

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)

Mamacita, she a diva, but she put in all

Pour a liter, light the tree up, just to keep her calm (it keep her calm)

This two seater, got the heat up in the seats

Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah) You're a sneaky one, you thought I  
didn't know  
Yeah I saw you creepin' on your tippy toes  
She's conceited, she thinks everyone's beneath her  
But oh no, no-no-no, no you got it all wrong  
Who you been lyin' to?  
You called us boys at the bar, you're a lyin' crew  
You better hope you never see her, if you do, you better run  
'Cause she's a street sweeper, she's a heartbreaker, she's a money-taker Mamacita, never seen her  
'less the green involved  
Only call you when she need you 'cause she want it all  
Don't believe her, she deceivin', you should leave her  
Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)  
Mamacita, she a diva, but she put in all  
Pour a liter, light the tree up, just to keep her calm (it keep her calm)  
This two seater, got the heat up in the seats  
Aww yeah, aww yeah, aww yeah, aww yeah (aww yeah)
