

# Spawn and Feed

## ONI

New Worlds Hidden Beneath Clear Glass  
Flying Above the Hordes of Silence  
Every Crevasse Bursting with Life  
Every Life Bound by Its Sanctions  
Realms of Peace are Shrouded are Shrouded in Chaos  
Visceral Cry  
Territorial Aggression Flashed Its Teeth  
A Knife Fled From Its Sheath  
Poisonous Barbs Given Birth In a Salt Sea  
Threaten My Life With the Fear of Tragedy

Waves Collapse  
Breaking Against the Iron Shore  
But All I Hear, Delivered to Me in Whispers  
The Tide is Coming Cleansing Us  
As We Are Swept Ashore  
Ground Corrodes  
In a Tsunami of Doom  
Visceral Cry  
Territorial Aggression Flashed Its Teeth  
A Knife Fled From Its Sheath  
Poisonous Barbs Given Birth In a Salt Sea  
Threaten My Life With the Fear of Tragedy

All Aboard As the Land Falls Short of Sight  
We Created the Perfect Storm with No Remorse  
As it Swallows us Whole

So Deep Within the Trenches, So Deep Within the Trenches  
Reflecting on the Balance of Fury  
Surrounding Everything  
Lost Our Way  
Lost Our Way

Unknown Peril, In Blue  
Awe Struck in Wondering, Can I Be a Part of You?  
Visceral Cry  
Territorial Aggression Flashed Its Teeth  
A Knife Fled From Its Sheath  
Poisonous Barbs Given Birth In a Salt Sea
