

Strictly 4 My Jeeps

Action Bronson

Better slow down baby
I'm out here waling
Better slow down baby
Shit is crazy
You need to slow down baby
My whole team cash and load out baby
I'm a hero in my home town, baby
Stop talking, just go down, baby
Shit in my chest, shoot colors like a cave bear
All year singing ten, hopping out the van
You wasn't there, now you tryna show face
Fuck around, be a cold case
Chrome skates on an old day
Remote control chains, promote dough for the veins
Poke chicks, hoes with vogue legs
Eat stakes off a cold plate, storm listening to Cold Play
Shit, you need to slow down baby
My whole team cash and load out baby
I'm a hero in my home town, baby
Stop talking, just go down, baby
Long night, ... built like a rhino
Push the 635 to the finals
Pearl white like what you sniffin' in your sinus
The finest vaginas demolished by my dick
One year from Queens to the top
Cream of the crops gonna fill up my sack
Five minutes till they lean like the drop
Now they spinning through thelike the scene from The Rock
Highest finish like a doomsday prepper
Every Sunday in my Tuesday leather
Now my bid look like ..., play the pool on a cool day
Shit, you need to slow down baby
My whole team cash and load out baby
I'm a hero in my home town, baby
Stop talking, just go down, baby
A lot of people with their hands out now
Got these motherfuckers mad 'cause I'mma stand out now
You never let the hammer off, you got the soft hands
I hear you singing for the boss man
I'm from a lost land, spill coke on the heater
Drop a little sauce on the beater
Zero to 60 in a Porsche like a cheater
New York unlike Jeter, light Caesar
No high beast up, rocking Nike sneaker
You get drugs for a good price

My price cheaper, guaranteed
My trunk snapping like a tambourine body
And these pussies with a camera team You better slow down, baby
You better slow down, baby
You better slow down, baby
You need to slow down, baby
My whole team cash and load out baby
I'm a hero in my home town, baby
Stop talking, just go down, baby
