Ay, yeah, yeah, yeah, yeah, yeah, yeah
JAE5Keep you in check if you don't know
Take off your makeup and your contour
We do it sunrise 'till the sun go
When you're wearing that lingerie, oh no
Ya dun know, ya dun know
Take off your clothes and get close
Ya dun know, ya dun know
6:30 and get low

Me and my frienzie, smoking MZ
You and a freindzy, come up in a Benzie
Gyal a Stacy, now hava envy

Girl, I wanna have a conversation with you, girl na you
Gas up your long ting, come up in a coupe
See the way you talk back to me, no so you're rude
I need a bad gyal, can't live without you
Girl, bend over, says she loves it from the back

Won't complain love to see your ass clap
The way you whine on a nigga, moving tapped
Have her pum leaking like a broken tap
That's why you're my baby, hmm
That's why you're my shawty

Say it's you, you, you, you, you know you want me, me, me, me, me

Keep you in check if you don' know
Take off your makeup and your contour
We do it sunrise 'till the sun go
When you're wearing that lingerie, oh no
Ya don' know, ya don' know
Take off your clothes and get close
Ya don' know, ya don' know

6:30 and get low
Keep you in check if you don' know, baby gyal

6:30 come and do me, gyal

After that, you will always wanna see me, gyal
Confidence, come here and tow me, gyal

Ahhh

You wan' it deeper and harder

Round three, you be screamin' for your mama

Told me come again, what you think the answer
Baby girl, make we touch

'Cause the Hennessy make me fuck

No be love, it be lust

I will never say feel me less

My way, girl me love the way your body vibrate, vibrates

Girl, make we take it back to my place, oh yeah
Keep you in check if you don' know
Take off your makeup and your contour
We do it sunrise 'till the sun go
When you're wearing that lingerie, oh no
Ya don' know, ya don' know
Take off your clothes and get close
Ya don' know, ya don' know
6:30 and get low
Skrrr, girl, ya don' know
I could pull up on you, real soon
We can start slow
Lemme see you, you, fling off your dress and shoes
And lemme feel you, yeah you
Loving the way you do
Come my way, you know that you wanna stay
Can I say, I want you to come my way
I'm looking, I'm looking, I'm looking at you, you, you
There's nothing I wouldn't do for you
Call me, I'm available
Me and Geko sing song for you
Keep you in check if you don' know
Take off your makeup and your contour
We do it sunrise 'till the sun go
When you're wearing that lingerie, oh no
Ya don' know, ya don' know
Take off your clothes and get close
Ya don' know, ya don' know
6:30 and get low
