

Running Late

Brennan Heart

Shake your house like a motherfucking earthquake

The fact I'm running late
This time I underrate
But then I come, shake your house like a motherfucking earthquake
(Motherfucking earthquake)
(Motherfucking earthquake)

Gonna be late
So they just have to wait
And have a little faith
That I am gonna be there right in the heat of the moment
I hate
The fact I'm running late
This time I overrate

But then I come, shake your house like a motherfucking earthquake
But then I come, shake your house like a motherfucking earthquake

Gonna be late
So they just have to wait
And have a little faith
That I am gonna be there right in the heat of the moment
I hate
The fact I'm running late
This time I overrate
But then I come, shake your house like a motherfucking earthquake
But then I come, shake your house like a motherfucking earthquake
