

# Colors

## Beck

I'll find you, go right through walls we made  
I see you, I need you every day  
It's nothing, it's your life  
I don't know why, can't get what I want  
I keep, I keep trying  
Found our way through the lost years  
Now the day brings it all here All the colors, see the colors, make the colors  
Feel the colors, she says: See it in your eyes  
All the colors, see the colors, make the colors  
Feel the colors  
Tell me, do you feel alive? All the colors, see the colors, make the colors  
Feel the colors, she says: Nothing's in your eyes  
All the colors, see the colors, make the colors  
Feel the colors  
Tell me, do you feel the life?  
Do you feel the life?  
Do you feel the life? I've got all the love you need  
I've got all the love you need  
Keep it with you  
I don't have the time to wait  
I don't have the time to way  
I need to see you  
Got it all under control  
Got it all under control  
You can't hear me  
Now it only hurts to know  
Now it would only hurt to know  
When you don't need me  
You don't need me Found our way through the lost years  
Now the day brings it all here  
All the colors, see the colors, make the colors  
Feel the colors, she says: See it in your eyes  
All the colors, see the colors, make the colors  
Feel the colors  
Tell me, do you feel the life?  
Feel the life  
Do you feel the life? All the colors, see the colors, make the colors  
Feel the colors, she says: See it in your eyes  
All the colors, see the colors, make the colors  
Feel the colors  
Tell me, do you feel the life? All the colors, see the colors, make the colors  
Feel the colors, she says: Nothing's in your eyes

All the colors, see the colors, make the colors  
Feel the colors  
Tell me, do you feel the life?
