

# Cannonball

Kiesza

[Chorus]

I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball

[Verse 1]

I was trying to take your heart  
Keep it in a cardboard box  
So when it gets hard  
You'll never be far  
And your love won't be lost  
As the bridges fall apart  
I still find a way to cross  
And even if you are lost among the stars  
Your love won't go off

[Refrain]

For me me me me it's in this  
But I need need need more of this  
Can't turn away, feel it push me

[Chorus]

And I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
Ooh, ooh, ooh, ooh  
Like a cannonball

[Verse 2]

I can feel you take my love

And tangle it above the ground  
And if the strings are cut  
Nothing holds me up  
Nothing takes me down

[Refrain]

For me me me me it's in this  
But I need need need more of this  
Can't turn away, feel it push me

[Chorus]

And I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
Ooh, ooh, ooh, ooh  
Like a cannonball

[Bridge]

When I try to fall from your candlelight  
I get lost in your maybe maybe  
I'm just falling  
When I try to hide from your love I can't deny it, oh baby maybe  
It's just my calling

[Chorus]

But I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball  
I keep falling  
I keep falling for you  
Like the rain fall  
Like a cannonball

[Outro]

Ooh, ooh, ooh, ooh  
Like the rain fall  
Like a cannonball  
Ooh, ooh, ooh, ooh  
Like the rain fall

Like a cannonball
