## JAHKOY

[Verse 1]

You give me a fever  
You should be leaving  
Cause I'm bad, girl  
Got an ugly past  
If you're a believer  
Maybe you could take me as your task  
Make a good man out of bad, but it won't be easy  
This is a warning  
I know I'm no good for you  
Can tell by your eyes what you want me to do  
The story probably ends in some tears  
But first I gotta make this one last thing clear

[Chorus]

You're fucking sexy  
I like it  
So fucking sexy  
I love it  
I love the way you work it, baby  
I wanna see you  
Work it, baby  
Let me see you  
Work it, baby  
I just gotta see you  
Work it  
I love the way you work it, baby  
I wanna see you  
Work it, baby  
Let me see you  
Work it, baby  
I just gotta see you  
Work it  
I love the way you work it, baby

[Verse 2]

All the attention you've been searching for  
Give it to yourself  
Girl, I need a break, for goodness sake, you bad as hell  
I tell you all the time

It's how we cope with each other  
Since love is the sweetest drug, I'll have a dose of another  
Don't let me overdose  
Or it might be too bad  
Cause if it doesn't last it will be all we ever had, yeah  
I'll still hit you like tomorrow or the next day  
A mess, I confess, I despise you in the best way  
We couldn't be holding a guard for something we don't care about  
It's getting hot in here, I seek the hope to air it out  
I know how much you love to hate me  
Don't underestimate me  
I close my eyes and let you lead cause you're my favorite lady  
Maybe I will or will not, just know I'm always willing  
You stay on my wanted list, the way you always killing  
Girl, the story probably ends with some tears but  
First I gotta make one thing clear though

[Chorus]

You're fucking sexy  
So fucking sexy  
I like it  
I like it, I like it, oh  
I like it, I like it, oh  
So fucking sexy  
I love it  
I love the way you work it, baby  
I wanna see you  
Work it, baby  
Let me see you  
Work it, baby  
I just gotta see you  
Work it  
I love the way you work it, baby  
I wanna see you  
Work it, baby  
Let me see you  
Work it, baby  
I just gotta see you  
Work it  
I love the way you work it, baby
