

Yellow Cab

YunB

[Chorus]

Took a yellow cab, 4 AM now
Everybody Uber, going home now
She just want the drugs for the love
I don't want no more, wake me up
Wake me up, wake me up
Wake me up, wake me up
Wake me up, wake me up
Wake me up, wake me up

[Verse 1]

Alright, okay, hold up, wait
I was about to go home for the night
??? ??? ?? ???? people
Be giving me drinks left and right
Alright, whoa, I'm getting drunk
Not even tipsy, I skip the whole step
I do not know why she feel me like that
I wanna leave but she kissing my neck
Yo, hold up, wait, I ain't gonna live like this
I ain't gonna die like that, came too
Far for this shit, came too far for this shit
Told my momma I'mma buy her a crib
Told my papa I'mma buy him a car
I got aspirations, everyone does

[Pre-Chorus]

Fuck the vida loca
Just wanna be alright now
I know that I can't help it
I guess I ain't going home now

[Chorus]

Took a yellow cab, 4 AM now
Everybody Uber, going home now
She just want the drugs for the love
I don't want no more, wake me up
Wake me up, wake me up
Wake me up, wake me up
Wake me up, wake me up

Wake me up, wake me up

[Pre-Chorus]

Fuck the vida loca
Just wanna be alright now
I know that I can't help it
I guess I ain't going home now

[Verse 2]

Look at the time on my wrist
Look at me shine on ya bitch
Look at the sky, it's so blue
Look at ya ain't got a clue
Look at the time on my wrist
Look at me shine on ya bitch
Look at the sky, it's so blue
Look at ya ain't got a clue
Look at the time on my wrist, yah
Look at me shine on ya bitch, yah
Look at the sky, it's so blue, uh
Look at ya ain't got a clue, yah
Look at the time on my wrist, uh
Look at me shine on ya bitch, ooh
Look at the sky it's so blue, yah
Look at ya ain't got a clue
