

Can't Go Wrong (feat. DJ Quik & Butch Cassidy)

Kurupt

The reason that I'm here, I'ma drop 'til it's clear
Let all, G'z to front, middle and rear
Switches couldn't switch like these switches a day
Just to sit and sippin' and dippin' all over the ways
That they ears and chairs, dis on this years
Cokes drippin' off juice and gins
As a matter of fact, takes mathical fact
And you can't de-grate, y'all get played like a sax
Trumpet to trombone
Too shotty Young Gotti, millennium bone
If she raggedly, I'm sendin' 'em home
Puttin' 10 in the chrome, lettin' all killin' it's on
It don't quit, it don't stop
Let the beat knock, beat knock
Pull up at the spot, pull up at the spot, in a drop top
Gettin' what I got, I just
Can't go wrong, releasin' all my lost hood songs
Don't give a damn on the real, I say just what I feel
No matter whatchu say, I'll never stop my bust style way
No time fo' da game, I do it my way
Kurupt, what up I'ma drop 'til it's clear
And these re-beams and pumps is Vietnam time
Tossin' C-notes, the, 'Magnificent Magneto'
Dippin' through, comin' like ay
Don't expect nothin' less, these gleam on the tray
All night and all day, it's the best in a 2001 S S
It's the prince of the West, I ain't tryna do much
Tryna do too much, I ain't even really trippin'
It's just me, Snoopy and Quik and someone like
you
Wit' the biggest mouth to put a dick in
Most of y'all malfunction like faulty equipment
Shifted, drifted, different, up lifted
Kurupt Young Gotti, just call me fall beaty
With the skirts from Tahiti workin' at the mall
With young Roscoe, you fool in high school
I just tuck my Roscoe, dump fossils, colossal, I
Can't go wrong, releasin' all my lost hood songs
Don't give a damn on the real, I say just what I feel
No matter whatchu say, I'll never stop my bust style way
No time fo' da game, I do it my way
Yes, 1, 2, fuck wit' my crew
And we won't stop poppin' 'til ya body turn blue
3, 4, look at that whore with the fat ass
But without the cash, hit the door
The reason that I'm here, Kurupt done bought the beer
I'ma lush, lookin' fo' the cush, lookin'
Fo' the bush to push and mush back
I'll hump the ho if she ain't been needin' a Dusch bag
No, must've been the Gucci, wit' hair that's

pushed back
In a bun lookin' fun gettin' silly, wit' my celly from Billy
Brought to you by way or two buns
We smugglin' in and out of the place, our two guns Notice, see the Q U I, Dogg Pound collabo',
yup
We stab hoes in the bladder actin' bad wit' the mad hoes
Get out, yeah, look here, we started this pussy shit, no shit
And these the mothafuckin' hoes we get, c'mon Can't go wrong, releasin' all my lost hood songs
Don't give a damn on the real, I say just what I feel
No matter whatchu say, I'll never stop my bust style way
No time fo' da game, I do it my way Can't go wrong, releasin' all my lost hood songs
Don't give a damn on the real, I say just what I feel
