

Picture of a Girl

Tin Star

[Verse 1]

Picture of a girl she's always on my mind
Every time I see her I know that she's a crime
Picture of a girl I see her all the time
Every time I see her every time I see her I know I'm wasting time

[Verse 2]

Picture of a girl she leaves me way behind
Every time I see her I'm thinking double time
It's a lonely thing it's a lonely thing it's a lonely thing
Such a lonely thing
All designed to leave me feeling scared

[Verse 3]

Record of a girl I play her all the time
Every time I hear her every time I hear her I go into rewind
Picture of a girl On my mind
It's a lonely thing it's a lonely thing it's a lonely thing
Such a lonely thing
All designed to leave me feeling scared

[Outro]

Feeling scared
All designed to leave me feeling scared
