

# Ackin Funny

Jean Deaux

Wanna kiss and hug

[Pre Chorus]

Hey my baby

Can I take you out?

You been on my mind

Why you always pout when I leave you lonely?

Then you wanna run your mouth

Now I gotta kick you out

Woo wop de bam, boom pow

[Chorus]

You been ackin funny

On me

Funny on me

You be ackin funny

On me

Funny on me

[Verse]

Boy I know your style

First you stay a while

Creep in creakin, like the nile

Pinchin pennies you too proud

You be in denial

Look at me like "wow"

(What u, where u, wayment, how)

Yes gs fuck up, but you wild

Say you miss me now

When you get so loud

Do you hear them sounds?

Coming out your mouth

You can't have control

Hold your words, then just unload

Give a rise, say watch my tone

Move on fast then kiss me slow

And ain't it funny?

I said it, I mean it, cuz it's what I need

I ride it, confiding, wait a couple weeks

Be mean and say beat it, now he think I'm weak  
I don't call him but for weed

[Pre Chorus]

Hey my baby  
Can I take you out?  
You been on my mind  
Why you always pout when I leave you lonely?  
Then you wanna run your mouth  
Now I gotta kick you out  
Woo wop de bam, boom pow

[Chorus]

You been ackin funny  
On me  
Funny on me  
You be ackin funny  
On me  
Funny on me
