

Willie Nelson T-Shirt

Erik Dylan

[Verse 1]

Girl we were just about as good as it gets
I was thinkin' 'bout buyin' a ring with a rock
Slip it on your finger tips
The one, I really thought you were the one
Yeah you had me thinkin' 'bout a white dress
Picket fence everything under the sun
True love!

[Chorus]

But what you done to me, what you done to me
Baby no you can't take back, it don't work like that
You used to be my honey but you ain't nobody no more
So just give me my 1985 Willie Nelson t-shirt back
And I promise you that I won't run around town
Tellin' everyone you're a white lie, alibi, Scarlett Letter
You oughtta be ashamed girly you should've known better
I know you can't help it so I cut you some slack
If you give my Willie Nelson t-shirt back, yeah!

[Verse 2]

Cry, yeah you can cry all you want
But it ain't gonna do you no good
'Cause this ship just sailed, what's done is done
Yeah you say there's a whole lotta fish in the sea
One of them's lookin' at me with a grin
Think it's time to start fishin' again
She's a 10!

[Chorus]

What you done to me, what you done to me
Baby no you can't take back, it don't work like that
You used to be my honey but you ain't nobody no more
So just give me my 1985 Willie Nelson t-shirt back
And I promise you that I won't run around town
Tellin' everyone you're a white lie, alibi, Scarlett Letter
You oughtta be ashamed girly you should've known better
I know you can't help it so I cut you some slack
If you give my Willie Nelson t-shirt back, yeah!

[Bridge]

All I want is my Willie Nelson t-shirt
All I want just give me that t-shirt back
I want my t-shirt back
I want my t-shirt back
I want my t-shirt back

[Outro]

What you done to me, what you done to me
Baby no you can't take back, it don't work like that
You used to be my honey but you ain't nobody no more
That's for sure!
So just give me my 1985 Willie nelson t-shirt back
And I promise you that I won't run around town
Tellin' everyone you're a whore
