

Maintain (Fuck How You Feel)

Havoc & The Alchemist

[Intro]

Uh, check me out now!

Yeah!

[Verse 1]

Uh I'm refreshing like that new car smell
Get ready for this ride, hold on to the guard rail
They try to go against us, mothafuckas all fail
Steady making bread, while yours is all stale
I'm on point with it, you slower than a Sunday
Every day a Friday to us and a hump day
Chilling in the whip, I'm getting comfy
Nearby the money bug, was wildin' when it stung me
Fresh out the dungeon, where some souls never make it out
Life's a bitch, but me and her just finished making out
Never sit still, so the food I order take out
Like a nigga that we gotta murk and take out
Push the envelope like the knob on the mixer
With the fingers I fingered your wife with nigga
I'm a fixture in this rap shit, get used to it
You not speaking what I'm speaking, better get fluent

[Hook]

Yeah!

I try to tell 'em!

Talk to me!

[Verse 2]

Yeah I try to tell this mothafuckas but the wax build up
Got them not hearing, whole click getting killed up
Heads gonna roll, I need a lion's share
I'm taking everything personal
I'm not the one you want to eye in here
Believe me it's not worth it duke [It's not worth it]
At your service, state my purpose
Slugs speaking for the kid, shots fly, niggas getting nervous
I'm on that other shit that niggas only dream about
Bitch on the rag, so instead she let me beat her mouth
Never take the same way home, always the cynic route
Niggas call time out, when they see my team out

This the life that we live, by better follow suit
Or get swallowed up by these streets like ramen noodles soup
Find me in the coupe scooping up ya main thing
I bring her right back, hold it down, it maintain

[Outro]

Yeah yeah yeah man just maintain you know!

Don't worry bout that!

We bring that right back you know!

We don't cuff over here!

Just maintain, sit back nigga!

Fall the fuck back!

Fall back!

You heard!?

Yeah!

We go for keeps, go for keeps, you go get it back

Run up on you, dead you on it, to a living facts

We play for keeps, for real, we play for keeps for real

OD with it, nigga we had to and give a fuck how you feel

Fuck how you feel!

Give a fuck how you feel!

Give a fuck how you feel!
