

## Future & Young Thug

Everything right  
 Everything right  
 Everything right  
 Everything right  
 All these niggas  
 Everything right, you back in Givenchy  
 I only drink Actavis, I'm on a diet  
 I'ma chase it like Hussain  
 All this money bring a nigga new pain (woah, woah, woah)  
 Yeah, yeah I got at least 200 hoes  
 Fresh to death, and I leave my current in a doze  
 Up and down you ain't receive nothin' 'bout this dough  
 And these hundreds ain't goin' nowhere like a moat  
 I bought my moms a car, it felt amazin'  
 My niggas bangin' burgundy like the Redskins  
 I got all type of tattoos on my fuckin' shin  
 I was in a white and red Maybach like peppermints  
 I've been blown a mil' on jewelry, but it's past tense  
 Super charge it, make it sound like it's raggly  
 I'm ridin' with the cutter, I'm Blood like my brothers, a MAC 10  
 Diamonds on me talkin', they harassin'  
 No shoulda, coulda, woulda, I got these racks in  
 Came a long way from a Chevy  
 Now we spend millions on cribs  
 You get somethin' too, don't trip  
 My eyes 'bout low as a brim  
 I smoke the tree limb, tree limb  
 No gang, big deal  
 I'm tryna pop a wheelie in a Lamborghini standin' on two wheels  
 I got the racks on me, now I can buy me a cruise ship  
 I just got an iPhone 8 and already stored it with 200 hoes  
 You can smell the money on me, it comes from off my clothes  
 My Jordan fits, yeah, are never found in stores  
 You might as well gon', gon', gon' home  
 Money long, long, long, long  
 All way up to Mercury  
 Any time I come out, gotta step out with a three piece  
 I've been in my bag lately, take three drugs at once lately  
 Got every shade of Tom Ford, I can spot fugazi  
 I came out the slums, I got Hermes in a headlock  
 If she ain't up to par, she 'bout to get dead docked  
 Between my diamonds and my fame, became so anxious

I sit at the top of the throne, yeah, 'cause I'm righteous  
Got a few vice lords for some friends, some of 'em disciples  
And can't nothin' come between niggas like us Yeah yeah, I got at least 200 hoes  
Fresh to death, and I leave my current in a doze  
Up and down you ain't receive nothin' 'bout this dough  
And these hundreds ain't goin' nowhere like a moat
