

Nothing to Lose

Alien Vampires

I've nothing to lose
Nothing to cry (for)
Nothing to live for

I've nothing to lose
Nothing to be
Nothing to die for

I've nothing to lose
Nothing to blame
Nothing to search for

I've nothing to lose
Nothing to love
Nothing to give a fuck

Looking through my eyes
You will see all I have seen
All my memories keep me alive
My thoughts will never die
Evil deeds cross my mind
My soul is my prison
Can't speak of what I know
My secrets are my precious
This world is a cage
Can't even turn the page
Temptations feed my heart
It's useless trying to fight
