

No Regrets

JAHKOY

[Verse 1]

Packed my bags
With a whole lot of nothing
Suit cases filled with No Regrets
No Regrets, yea
Lost souls need a whole lot of loving
Cold hearts seek warmer beds
Warmer beds
And I heard a voice saying

[Pre-Hook]

Hey now
Hey now
Lately I been on a wave now
Wave now
Got me staying up late now
Late now
Writing songs for you

[Hook]

Everybody singing bout war
Nobody wanna sing about love
It's something worth fighting for
So who's gonna sing about us
Or sing about love, love, love, love
Love, love, love
Sing about love, love, love
If you let it out
We could sing about it

[Verse 2]

Girl you make me wanna
Put my phone on silent
Make me wanna
Stroke your body like a violin
Put it on me
I'm about to throw the towel in
I just wanna see your heart smile
Then I heard a voice saying

[Pre-Hook]

Hey now

Hey now

Lately I been on a wave now

Wave now

Got me staying up late now

Late now

Trading thoughts with you

(Pre-Hook)

Everybody singing bout war

Nobody wanna sing about love

It's something worth fighting for

So who's gonna sing about us

Or sing about love, love, love, love

Love, love, love

Sing about love, love, love

If you let it out

We could sing about it

[Bridge]

Somebody's got to make you wanna sing about love

Somebody's got to make you wanna sing about love

Somebody's got to make you wanna sing about love

Somebody's got to make you wanna sing about love

[Hook]

Everybody singing bout war

Nobody wanna sing about love

It's something worth fighting for

So who's gonna sing about us

Or sing about love, love, love, love

Love, love, love

Sing about love, love, love

If you let it out

We could sing about it
