

# Lady Writer

## Dire Straits

[Verse 1]

Lady writer on the TV  
Talking about the Virgin Mary  
Reminded me of you  
Expectation left to come up to, yeah  
Lady writer on the TV  
Yeah, she had another quality  
The way you used to look  
And I know you never read a book

[Chorus]

Just the way that her hair fell down around her face  
And I recall my fall from grace  
Another time, another place

[Verse 2]

Lady writer on the TV  
She had all the brains and the beauty  
The picture does not fit  
You'd talk to me when you felt like it

[Chorus]

Just the way that her hair fell down around her face  
And I recall my fall from grace  
Another time, another place

[Bridge]

Yes and your rich old man  
You know he'd a call her a dead ringer  
You got the same command  
Plus your mother was a Jazz singer

[Chorus]

Just the way that her hair fell down around her face  
And I recall my fall from grace  
Oh, yeah  
Another time, another place

[Verse 3]

Lady writer on the TV

She knew all about a history  
You couldn't hardly write your name  
I think I want you just the same as the  
Lady writer on the TV (lady writer on the TV)

[Outro]

Talking about the Virgin Mary (lady writer)  
Yeah you know I'm talking about you and me (lady writer on the TV)  
And the lady writer on the TV  
Lady writer on the TV (lady writer on the TV)  
Talking about the Virgin Mary (lady writer)  
Yeah you know I'm talking about you and me (lady writer on the TV)  
And the lady writer on the TV  
Lady writer on the TV  
Lady writer  
Lady writer on the TV  
Lady writer on the TV  
Lady writer  
Lady writer on the TV  
Lady writer on the TV  
Lady writer
