

Dreams

Beck

Come on out of your dreams
And wake up from your reverie
Time is here, don't go to sleep
Streets are running on the brink
They say that we've got nothing
But a dollar for a life of sin
Cause there's trouble on the way
Oh, there's trouble on the way
Oh, get a dog and pony for a judgment day
Here we are
Running circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're gone
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, I wanna get me free
Nothing gonna get me in my world
Now can these broken wings free me
about a light year from reality
If you wanna fall in a dream
You can put the weight right onto me
Here we are
Running circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're gone
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, I wanna get me free
Nothing gonna get me in my world
Nothing gonna get me in my world
Ahh
Stop fucking with my dreams, dreams, yeah
Ahh
Stop fucking with my dreams, dreams, yeah
Ahh
Here we are
Running circles, around around around around
When nothing's right, just close your eyes
Close your eyes and you're gone
Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
She's makin' me high, she's makin' me high

Dreams (dreams dreams)
D-d-d-d-dreams (oh oh oh)
All day and all night
I wanna get me free
Nothing gonna get me in my world
(oh oh oh)
(oh oh oh)
(oh oh oh)
(oh oh oh)

I wanna get me free
Nothing gonna get me in my world
Nothing gonna get me in my world
