

# Fascination Street

## The Cure

Oh, it's opening time down on Fascination Street  
So let's cut the conversation and get out for a bit  
Because I feel it all fading and paling and I'm begging  
To drag you down with me, to kick the last nail in Yeah, I like you in that, like I like you to  
scream  
But if you open your mouth, then I can't be responsible  
For quite what goes in or to care what comes out  
So just pull on your hair, just pull on your pout And let's move to the beat like we know that it's  
over  
If you slip going under, slip over my shoulder  
So just pull on your face, just pull on your feet  
And let's hit opening time down on Fascination Street So pull on your hair, pull on your pout  
Cut the conversation, just open your mouth  
Pull on your face, pull on your feet  
And let's hit opening time down on Fascination Street  
Down on Fascination Street  
Down on Fascination Street  
Down on Fascination Street  
On Fascination Street
