

# La La Land

## Jax

Welcome back to the land of re-reality

Wait let's get it again with a little more personality

Welcome back to the land of re-reality

Great now, say I want the world to see the real me

Don't eat, don't sleep, stay healthy

And it isn't in the budget to get a ticket for your family

I heard they hired us our own attorney

Nope, conflict of interest, there, don't you worry

Look over there at the Hollywood sign, sign,

Sign right there on the dotted line

Pretend you're dating, it's great for ratings

Look into the camera, America's waiting

Everything aint always what it seems

In the la la la, whatchu see on your screen

Everything aint always what it seems

In the la la land of reality

I feel a little under the weather

We gotta pill from Beverly Hills that'll make you feel better

No such thing as a winner or a loser

Everyone's a winner said every producer

It aint our call, it's America's honey

It's not our decision but your time is our money

We need more energy, we need more ratings

Dance for the camera, America's waiting

Everything aint always what it seems

In the la la la, whatchu see on your screen

Everything aint always what it seems

In the la la land of reality

In the la la land of reality

Lights and camera, cut that's me

Just like that, like 1, 2, 3

Take all of your clothes of please

We're gonna need them back, for the finale

Someone call security and escort her out to the street

You should probably call an uber, it might be hard to get a taxi

Everything aint always what it seems

In the la la la, whatchu see on your screen

Everything aint always what it seems

In the la la land of reality

In the la la land of reality

Don't believe everything that you read

In the la la land of reality
