

So Deep

Kiesza

[Verse 1]

Tell me why you want it
As you turn my body into shapes
Bend me to your madness
Keep bending my heart into deeper shades
Paint me with your body
I wanna be the canvas underneath
Let me see your magic
I feel you're taking over me

[Pre-Chorus]

Baby I can't never find the need
I'm still loving you right now, right now, right now
My feelings never leave
I'm just loving you, right now, right now, right now

[Chorus]

Taking my love, baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love, baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love baby I'm so deep now
Can't get out
Baby I'm so deep now

Even in the darkness
You can make a rapture of my pain
Somehow you go beneath it
And take my heart to a higher place
Break me into pieces
You can choose a color of my fate
Long as we can keep this
You can have it all again

[Pre-Chorus]

Baby I can't never find the need
I'm still loving you right now, right now, right now
My feelings never leave
I'm just loving you, right now, right now, right now

[Chorus]

Taking my love, baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love, baby I'm so deep now
Can't get out
Baby I'm so deep now
Taking my love baby I'm so deep now
Can't get out
Baby I'm so deep now

[Bridge]

I just wanna let my time
Boy lose it with you yeah
So won't you give it up to me

[Repeat Verse 1]

Tell me why you want it
As you turn my body into shapes
Bend me to your madness
Keep bending my heart into deeper shades
Paint me with your body
I wanna be the canvas underneath
Let me see your magic
I feel you're taking over me

[Pre-Chorus]

Baby I can't never find the need
I'm still loving you right now, right now, right now
My feelings never leave
I'm just loving you, right now, right now, right now

[Outro]

Taking my love, baby I'm so deep now
