Prolly pouring up that pretty activis
Tummy hurtin like i took a laxative
Cup muddy, dirty, dirty like a pig
Mix it with a xanny and a vicodin

Running through my body girl it's frightening
Molly water got my tummy tight again
Promethazene all on ice again
Po' me a, pour me a foo'
All my nigga with me pourin' up too
Molly water spillin' all on my shoes
Water on me when you see all my juice
If you owe me gotta pay up my due

Pour a six up in a two, molly water got me glued
I be reachin for the moon, I can show you what I do
Hit it up and watch it bruise, I be feelin like I'm bruised
I be givin all my juice, I be feedin all my youth
I be fiendin for the coupes, I be seekin for the truth
I be keepin all the tools, you got that right
Pour the syrup and the sprite, Jolly Rancher with the ice
Pink or purple make it right, mix it up and make it spike
Hit the cup and watch me dive, hit the blunt and watch me fly
You can see me in the sky, you can see me wit ya wife
I be feelin so alive, I be feelin sooo..
