

# Freedom

Zach Williams

[Verse 1]

I felt the flames, I heard death knocking  
My hands were tied, my feet were bound  
Buried alive, covered in ashes  
My soul was 6 feet under ground  
Then you rolled that stone away  
You pulled me from the grave  
Praise the Lord I saw the light  
And I'll never be the same

[Chorus]

I got that freedom, freedom in my soul  
I got that fire, fire in my bones  
I got that resurrection  
Got that hallelujah  
I got that freedom, freedom in my soul

[Verse 2]

The devil whisper little lies  
He tried to steal my victory  
But I stared those demons in the eyes  
Cause these boots gonna crush the enemy

[Chorus]

I got that freedom, freedom in my soul  
I got that fire, fire in my bones  
I got that resurrection  
Got that hallelujah  
I got that freedom, freedom in my soul

[Outro]

Got that resurrection  
Got that hallelujah  
Got that new creation  
Got that the blood of Jesus  
Got that fire burning  
Got that holy spirit  
Got that Sunday's coming and I can't stop singin'  
Freedom, freedom in my soul  
I got that fire, fire in my bones

I got that resurrection  
Got that hallelujah  
I got that freedom, freedom in my soul
