

# Ain't Nobody (Produced By Tcts & Karma Kid)

KStewart

I ain't waiting til the morning  
Lost too many chances once before  
I ain't leaving til you know it  
Half of me still wants to know you more  
If you're hitting on me, I'm hitting on you  
Put it on me, don't pretend  
Cos you like what you see, you're hitting on me  
But hitting on me it depends  
You're hitting on me, I'm hitting on you  
Put it on me, don't pretend  
Cos you like what you see, you're hitting on me  
You're hitting on me  
If you want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Ain't nobody stopping you  
Someone's keeping watch on you yeah  
Knowing that you feel it too  
You know what you got to do  
Ain't nobody stopping you  
Ain't nobody stopping you  
If you want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Ain't nobody stopping you  
I see you shufflin tryna play it cool  
Making out you're just looking around  
Know how we're doing, where it's going to  
So when you gonna man up ask me out  
If you're hitting on me, I'm hitting on you  
Put it on me, don't pretend  
Cos you like what you see, you're hitting on me  
But hitting on me it depends  
You're hitting on me, I'm hitting on you

Put it on me, don't pretend  
Cos you like what you see, you're hitting on me  
You're hitting on me  
If you want somebody  
Need somebody  
Want somebody, need somebody  
Love somebody  
If you want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Want somebody, need somebody  
Love somebody  
Ain't nobody stopping you  
Ain't nobody stopping you
