Jean Deaux

[Chorus]

Everywhere I go
They looking staying stoppin' talking bout
Bout what they do not know
I wanna call up expedia
Book a flight today
To fly away
To put it right away up
Up in my media, changing my wikipedia (x2)

[Verse 1]

'Cus they don't know
About us baby, no
They dont know cus they, ohh
They don't know, oh no
What they know bout us
Oh no, ah
Somebody at the door
You know how she got that cola body
'Cus she do that coke
I know, i've seen it before
Heard it through the grapevine
Buzzin' through the phone lines
Calling for the fourth time
I know you ain't see me here
'Cus i grip the dough from word of mouth
She lean low in the south [?]
They put it out, lying for clout
Room spinning
Spine bending
Mind bending
Just Don't kill the messenger
Just looking for you, to help me out

[Chorus]

Everywhere i go
They looking staying stoppin' talking bout
Bout what they do not know
I wanna call up expedia
Book a flight today

To fly away
To put it right away up
Up in my media, changing my wikipedia (x2)

[Guitar solo]

Everywhere i go
They looking staying stoppin' talking bout
