

Trust Me

Slimy

You just love me
You just try to hide, do you want to catch me?
Your thirst for love is never appeased
When I go ahead first, you go ahead and pray
I trust but are you mean?
Not in your manners not in theory
You trust, but there is Tim!
(yeah, yeah, hey, hey)

I'm insane not insane, but you pray you pray
I'm insane, well insane but you pray
Why why why?

Now trust me, now trust me
Now before I go away, before I go away

God is outraged, and he just pray for us
And you're gonna love me
God is outraged, for us he prays
God is outraged, cause' our love is profane, but it's exciting
God is outraged, for us he prays

You still pray, you pray cause' I'm insane, insane
You still pray, you pray cause' I'm insane
Why why why?

You trust, yeah, for us, you can trust
Trust me
Before i go away, before I go away
