

Cards

The Red Jumpsuit Apparatus

[VERSE 1]

When I feel beated down and I get burned out
I flip another card and things finally start to look up
Some hearts need to fail, some ships were built to sail without you
Whoa

[Chorus]

Don't look back although you might be sorry
The test is out to finish your story
Do your best to give pride with sense of reason
And realize that change comes with the season
Don't look back!

[VERSE 2]

It's not about the race, It's more about the pace
Sometimes you walk away, but sometimes you have to stand up
For what you believe, and I can guarantee, you'll finally feel free

[Chorus]

Don't look back although you might be sorry
The test is out to finish your story
Do your best to give pride with sense of reason
And realize that change comes with the season
Don't look back!

[VERSE 3]

So when you feel like giving up, no one cares about your love
Remember up above, someone's telling you try to see
Without only using your eyes

[Chorus]

Don't look back although you might be sorry
The test is out to finish your story
Do your best to give pride with sense of reason
And realize that change comes with the season
