

Strong Enough to Save

Tenth Avenue North

VERSE 1: You fought
but you were just too weak
so you lost
all the things you try to keep
now you're on your knees, you're on your knees But wait,
everything can change,
in a moments time you don't have to be afraid,
cause fear is just a lie
open up your eyes CHORUS: And he'll break
open the stars to save
those who cry out his name
throwing the wind and waves at bay
He's strong enough to save you

VERSE 2: Look
now is not too late
lift up your head
let the rain fall on your face
you're not far from grace, you're not too far from grace CHORUS: And he'll break
open the stars to save
those who cry out his name
throwing the wind and waves at bay
He's strong enough to save you

(Repeat) BRIDGE: I know the weight of this world can take you down like gravity and I know
the current of yourself can take you out, out to sea but hold on, hold on CHORUS:
And he'll break
open the stars to save
those who cry out his name
throwing the wind and waves at bay
He's strong enough to save you
