

Anthemic

Magnetic Man

Hook x2:

Bounce

Clap

We Bounce

We Clap

We Pose

We Smile

The Cameras Click

Then Flash

We Drink

We Vybze

We Dance

Till We Collapse

The DJ Mixes

The MC chats

The Crowd Screams

Bring This Back

Verse 1:

Listen Up, When I First Came It Was all Awkward

I Only Gave Them Me In Portions

And Every Move I Made Was Cautious

And Now I Got The UK Behind Me And I've Got American Listeners Saying I'm Awesome

7 Hours On A Plane, 1 Cab, 2 Trains Just To Come Rinse vs FWD

Just To See Me Perform

Even If They Have Seen Me Before

I Put On A Show Haters Can't Ignore

Always Got People Screaming For More

Now When I'm Backstage Or In A Club Just Chilling

They Naturally Want Me To Go On

Cos When The Beat Drops Like This I Pick The Mic Up And Set The Whole Place Off

Hook x2

Verse 2:

They Said No Way, Now Everybody Is Team UK

Buying Our CD's And Pressing Play

Radios Playing Our Tunes In The Day

It May Have Taken A Long Time To Happen But Finally I Think We've Come A Long Way

Now I Don't Mind When I'm Stuck In Traffic Because I Can Hear Rinse FM All Day

That's Progress, Does It Feel Like Eden? Oh Yes
We Aim To Achieve, No Less
Breathing With Ease, No Stress
Now When I'm Backstage Or In The Club Chilling
They Naturally Want Me To Go On
Cos When The Beat Drops Like This I Pick The Mic Up And Set The Whole Place Off

Hook x3
