

# Who to Believe

## The Allman Brothers Band

Woke up this morning, something robbed me of my sleep  
Reached for you but all I felt was a cold and empty sheet  
Three nights on the road babe, and I don't know where you been  
Say you're working late could it be you got another man

Somebody said they saw you in a little club downtown  
Your arms around a stranger, y'all was really goin' to town  
You say they're just jealous, that you'll always be mine  
But nigh time has a thousand eyes, could they all be blind?

Or am I a fool, am I a fool?  
Cause this confusion is killing me  
They all say that you're doing me wrong  
But our love is much too strong  
Somebody tell me, somebody tell me  
Who to Believe?

Baby I really need you, I love you like a child  
But I won't have no cheatin' woman tellin' lies and runnin' wild  
I really want to believe you when you say that you'd be true  
But everywhere I look, seems like the finger points to you

Or am I a fool, am I a fool?  
Cause this confusion is killing me  
They all say that you're doing me bad  
But you're the best thing I've ever had  
Somebody tell me, somebody tell me  
Who to Believe?

Or am I a fool, am I a fool?  
Cause this confusion is killing me  
They all say that you're doing me wrong  
But our love is much too strong  
Somebody tell me, somebody tell me

Or am I a fool, am I a fool?  
Cause this confusion is killing me  
They all say that you're doing me bad  
But you're the best thing I've ever had  
Somebody tell me, somebody tell me
