

# BUSY / SIRENS (feat. theMIND)

## Saba

I'm so alone  
But all of my friends, but all of my friends, got some shit to do, yea  
All of 'em got plans, I call 'em up, "my bad," and text 'em  
They never cross me like bad pedestrians  
I've been this awkward since adolescence  
I don't know how long I had depression  
Never no peer-pressure, I'm tryna' get my little pecker  
Off in some girl I call my BFF, that ain't no secret kept  
I fucked then told my cousin, I'm broke, I wasn't buzzin'  
I tried to hit a few years, she wasn't budgin'  
I'm bogus, left my girl for some shawty  
Surely deservin' of all this lonely  
"You sad? Tell me, how are you sad?"  
You got all of these friends, you got all of these fans"  
I ain't trust nobody new since 2012, I ain't let nobody in  
Jesus got killed for our sins, Walter got killed for a coat  
I'm tryna' cope, but it's a part of me gone and apparently I'm alone  
I'm havin' a busy day, I'll hit you back right away  
I seen that skies were grey, I hope to God you're safe  
I'm havin' a busy day, I'll hit you back right away  
I seen that skies were grey, I hope to God you're safe I'm so alone  
Just me and my girl, she leave me for work, then leave me for school  
She finally home, I leave her for tour  
FaceTiming nudity, yeah  
All of this new to me, yeah  
All of the infidelity when I was 17  
Been catchin' up, I still feel like she catch me cheating  
Niggas askin' me how tour was  
Knowin' I been home like 2 months  
And I seen your ass like 2 times  
Save the small-talk like too, damn no time, social interaction  
Have female friends I found attractive  
I tried to fuck, but I am no savage  
Now we don't speak, we just walk past  
If my past could talk, it'd probably reply to the missed calls after all  
'Cause the friendships that I can't recall,  
Done turned my heart into camouflage  
While the guys I used to play basketball with  
Doing shit that I can't endorse  
Now with the Lord, now it really pours down  
Was alone then, still alone now  
I'm havin' a busy day, I'll hit you back right away

I seen that skies were grey, I hope to God you're safe  
I'm havin' a busy day, I'll hit you back right away  
I seen that skies were grey, I hope to God you're safe  
I'm barely here, how I ain't present  
Yeah I drift for a second  
Forgot to reply to your message  
But only she, I been the same in your presence  
Counting the seconds, before I reply to your message  
My biggest fear, is that I have to say goodbye another time  
So I just keep tellin' her I'm on, hopefully prolonging this  
I don't need nobody new to miss  
I want you to know, uuh  
Sirens on the way, ayy  
Now you're lying where the angels lay (yeah)  
Sirens on the way, ayy  
Now we're lying where the angels lay (yeah)  
Sirens on the way, ayy  
Now you're lying where the angels lay (yeah)  
Sirens on the way, ayy  
Now we're lying where the angels, ye  
Ridin' through the city  
I'm young, I'm black, I'm guilty  
I know one time want to kill me  
They don't know me but they fear me  
Fifteen years old with the sticky  
They gon' blame it on the marijuana  
Hands behind your head  
And they won't let up off the head  
What if I move to this one state?  
What if they shootin' that shit hit?  
What if I run then it look bad?  
Drawing they gun right off the hip  
I'm probably deservin', 'cause I know they serve and protect  
But they think I'm servin', or they think my cellphone's a weapon  
Heard that the robber wore a black mask  
I fit the description, a.k.a. nigga, what is the difference  
Is it the name, we so divided I'm from Division  
Clutch that purse 'cause of my dreadlocks  
Cross that street 'cause I'm with my friends  
Curse every song in Hip-Hop  
Keep telling yourself it's a fad  
Sirens on the way, ayy  
Now you're lying where the angels lay (yeah)  
Sirens on the way, ayy  
Now we're lying where the angels lay (yeah)  
Sirens on the way, ayy  
Now you're lying where the angels lay (yeah)  
Sirens on the way, ayy

Now we're lying where the
