

# Play Hard

## Krewella

I can play...I can play hard  
Catch me at the bar  
You're fuckin' with a star  
Cause I can play hardHard...I can play hard  
Whiskey and cigars  
You're watchin' from afar  
How I can play hard  
I can play... (hard)  
I can play... (hard)Burning holes in the back of my head  
Hanging on to every word that I said  
Got your heart in the palm of my hand  
(In the palm of my hand)I can play hard  
Catch me at the bar  
You're fuckin' with a star  
Cause I can play hardHard...I can play hard  
Whiskey and cigars  
You're watchin' from afar  
How I can play hardI'm in the...  
I'm in the spotlight  
On your knees, got you holding your breath  
Demons out, but you're better off dead  
Bottled up, get it off my chest  
(Get it off my chest)  
I can play hard  
Catch me at the bar  
You're fuckin' with a star  
Cause I can play hard  
Hard...  
I can play hard  
Whiskey and cigars  
You're watchin' from afar  
How I can play hard  
I can play...
