

Heart (feat. GG Magree)

LAXX

[Verse]

Here we go, it's like we're stuck again
Back on this road, my vision tunneling
Ain't it my fault, 'cause you keep breaking in
I just wanna know why this keeps on happening

[Chorus]

'Cause I tried to let go of it
And by you, you wouldn't say no again
It's like you fall, and you can't resist
My heart, you can't take this

My heart (Can't see me)

[Drop]

My heart (You can't see me)
Ok

[Verse]

It's you, it's me
Am I seeing now so clearly?
It's us, just two
These words won't undo

[Chorus]

'Cause I tried to let go of it
And by you, you wouldn't say no again
It's like you fall, and you can't resist
My heart, you can't take this

You can't see me

[Drop]

My heart (You can't see me)
