

Know Love

DVBBS & Jasmine Thompson

[Verse 1]

You keep promising me that you're, you're gonna try
That things are gonna change, but will they?
I'm on the edge of this, don't make me jump
I wish you'd give me more than this, but you don't

[Pre-Chorus]

So tired of asking you for attention
Need more than you're giving, so give it to me

[Chorus]

I wanna know love, wanna know what it feels like
I wanna hold it in my hands 'til I truly understand
I wanna know love, wanna know what it tastes like
Something bigger than I am, I wanna make it something tangible

[Post-Chorus]

I wanna know love
I wanna make it something tangible

[Verse 2]

If I wanted to leave, would you come on in after me?
Or would you let me leave? Come on, babe
Would your perception change or would it stay the same?
Maybe I should do it, maybe I should try it, maybe I'll like it

[Pre-Chorus]

So tired of asking you for attention
Need more than you're giving, so give it to me

[Chorus]

I wanna know love, wanna know what it feels like
I wanna hold it in my hands 'til I truly understand
I wanna know love, wanna know what it tastes like
Something bigger than I am, I wanna make it something tangible

[Post-Chorus]

I wanna know love
I wanna make it something tangible

[Bridge]

Maybe I should do it, maybe I should try it, maybe I'll like it
Maybe I should do it, maybe I should try it, maybe I'll like it
Maybe I should do it, maybe I should try it, maybe I'll like it
So give it to me

[Chorus]

I wanna know love, wanna know what it feels like
I wanna hold it in my hands 'til I truly understand
I wanna know love, wanna know what it tastes like
Something bigger than I am, I wanna make it something tangible

[Post-Chorus]

I wanna know love
I wanna know love, I wanna know love
I wanna know love, love, I wanna know love
