Miscellaneous

Can I Live

JadakissUh yeah, yeah, what what, yeah yeah, yeah, what, yeah, what
yo, yo, yo, yo, yoOne: JadakissYo this is a monopoly, niggaz ain't stoppin' me

And we can't lose cuz Puff set us up properly

Just won't settle for lesser, who wanna test us

We be in the 5 with the goose headrests

L.O.X. put niggaz under pressure

You shoulda knew that, it's always them new cats that'll get ya

Better start lookin at things from my angle

I'm trying to be up on the board with a triangle

Next to my name with a 10 or a 20

Now that's when you really can say you gettin money

But right now all I do is sit back and listen

To a wise young man who quickly became a rich one

Put me up on the fact that it ain't hard to get some

Chips if I just keep writing with ambition

Then I get an advance from the 5 to the 6 and

House with 2 kitchens, diamonds, plenty women

Built-in pool to swim in

But the plan is to start from the floor, and raise it up

Then you hit'em in the head 'til your days is up

You blazin' what, playboy you frail and butt

You know when Bad Boy drops, all your sales is cut

Black RobCan I Live, no one man can stop me

Can I Live, no front-line can block me

Can I Live, its enough base for all of us

Can I Live, without the names they calling us

Can I Live, no one man can stop me

Can I Live, no front-line can block me

Can I Live, or do I gatta bring it to these kids

Can I Live, if I don't live nobody livesTwo: Styles

Time is money, money is power so I'm sour

22 feelin like I've wasted every hour

Of my life, shoulda been had a million in ice

High as a kite, feeling the flight

Turbulence, once in a blue moon I had a dream of fly shit

Hanglide to the Alps with this fly chick

Condo in Fresno with the lesbo

And the honey that she hit know how to stretch blow

They know that I'm Styles they respect the flow

Why don't y'all let a nigga live and help him make a decimal
Truth will set you free what will a lie do
Niggaz say I'm God but I be gettin' high too
Can't love the money like the niggaz beside you
Cuz when the paper gone... you gon' slide too
Niggaz wanna ball, but got to fall to rise
While the world spins around they wanna stall they eyes
Close they ears my nose makes me oppose my fear
Cuz I can smell hell
Before I sell rat I'll catch a shell farewell
Niggaz will never tell
Their man that I was pussy
Unless they got a gun, and I ain't got one, I might let you push me
Three: Shiek I pray to God to
promise me, before I see the pearly gates
To let my whole team be straight, mansion no Section 8
Puttin' pressure so that I can make this bed
Got 2 mattresses now all I need is the spread
With like 4 pillows so my seeds can rest their heads
You think platinum is enough, nah Sheek want more
Tryin' to sell more than Tickle me Elmo in the store
Italian cuisine, Linguin. while my diamonds like-SHING
So when I move at night-time you might think it's light-NING
Just throw me the ball once and I'll tell you no lie
Shiek gonna show you money, like Jerry McGuire
It's a thug thing, L.O.X. product thing, conducting
Anything for chips while you sit and blab your lips
In the restaurant taking tips while Sheek on trips
Logos on our ships bustin' at the eclipse
While im pissy, spittin' up Crissy in the water
But you can do that for money, when 100's like a quarter...
Four: Black Rob This is to my AK
tollas, money bill foldas
Bambin soldiers, whips wit big motors
On the low for years, the Feds can't decode us
We bust rounds, all you gotta do is load us
My night time prowlers, and grimme after hours
Karl Kani, Mumalo wear, Eddie Bauers
Flippin cake niggaz, who strip and take niggaz
Upstate niggaz, my Crystal Lake niggaz
We gonna hold it down if we gotta shake niggaz
And make niggaz do what we say, or break niggaz
Survival of the fitist, it ain't me cause I did it
Now you see me shinnin 2 mill with my diamonds
And I owe it all to heart grimmin
Don't mean i'm gonna stop climbin, 9-9, it's good timin
I salute my thugs, who rock
With the drugz and switch gunz, and pay 30 thou for the slum
Make it happen, I swear to God if I don't make it rappin
I'm clappin, extortin, and robbin niggz cribs and contactin
Can I live...Can I Live, no one man can stop me

Can I Live, no front-line can block me
Can I Live, or do I gatta bring it to these kids
Can I Live, if I don't live nobody lives
Can I Live, no one man can stop me
Can I Live, no front-line can block me
Can I Live, its enough base for all of us
Can I Live, without the names they calling us
