

Can't Help Falling in Love

Elvis Presley & The Jordanaires

Wise men say
Only fools rush in
But I can't help falling in love with you
Shall I stay?
Would it be a sin?
If I can't help falling in love with you Like a river flows, surely to the sea
Darling so it goes, some things are meant to be Take my hand
Take my whole life too
For I can't help falling in love with you Like a river flows, surely to the sea
Darling so it goes, some things are meant to be
Take my hand
Take my whole life too
For I can't help falling in love with you
For I can't help falling in love with you
