

# Super Trapper

## Future

See, I learn to keep that mask on  
I'mma keep that cash on me  
I'mma keep that cash on me  
I'mma do the dash  
Now, don't make me drop a bird on ya  
I'm gon' drop a bag on ya  
I'm gon' drop that bag on ya  
Don't make me drop that bag on ya  
I learn to keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask  
Gotta learn to keep that mac on me  
Gotta keep that mac on me  
Gotta keep that mac on that rap-pap-pap-pap, target  
Side (?) old car  
Niggas gon' pull up and spray in broad  
Got that yapa on him right now  
And he ready to pull up right now  
Shot up a nigga with the scope  
Fuck that pussy shit, we sellin' dope  
Turn the hood into Iraq  
On the corner, flippin' that pack  
AK-47 and lortabs  
Drugs, a pound of fuckin' percocets  
Feel asleep and woke up with that yapa  
And he playin' with it right now  
See, I learn to keep that mask on  
I'mma keep that cash on me  
I'mma keep that cash on me  
I'mma do the dash  
Now, don't make me drop a bird on ya  
I'm gon' drop a bag on ya  
I'm gon' drop that bag on ya  
Don't make me drop that bag on ya  
I learn to keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask  
Gotta learn to keep that mac on me  
Gotta keep that mac on me  
Gotta keep that mac on that rap-pap-pap-pap, target  
Trapped in that 44 camouflage

They are in (?), that's a real mirage  
Jump out the side of a caravan  
Flippin' that work, you the middle man  
Got that penthouse with the dogs off it  
You take that Roxies with some alcohol  
You rob in the daytime  
My choppas a gold mind, nigga  
Pour the four and cut the four  
You play with that dog food  
You play with that, play with that  
These niggas are runnin' a gun store  
They come and kick in your front door  
Those (?) got hoodies and money  
Frank Lucas, a role model  
Hit 'em and hit 'em and lick 'em up  
And go get your own bottle  
See, I learn to keep that mask on  
I'mma keep that cash on me  
I'mma keep that cash on me  
I'mma do the dash  
Now, don't make me drop a bird on ya  
I'm gon' drop a bag on ya  
I'm gon' drop that bag on ya  
Don't make me drop that bag on ya  
I learn to keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask on  
Nigga gon' keep that mask  
Gotta learn to keep that mac on me  
Gotta keep that mac on me  
Gotta keep that mac on that rap-pap-pap-pap, target
