

Energy

Jean Deaux

I don't like it
Nah, I don't like it, I don't like it
I don't like it at all I don't like your energy
You don't have to see it that way
You gon' have to keep the peace
Or you gon' have to clear my space
If I'ma take a beat
It's 'cause you was in my way
But if you wanna take the lead
You're gonna have to learn my pace
To place
I've got on my face
That makes it okay
Send up to send out
Keep the walk around
Healing in the now, yeah Meditate in the morning, in the night
By the water, pushing forward
'Cause you know it and I know it, yeah
I came down in the voice
In the grey, in the waterfall
Just wanna ride you I cannot focus on the things that I cannot change
Go like the wind and time blows my mind
Words I can't say, no
We creep a lot in moonlight so
I think I do, I do
See creeps at night under deepest light
But I lay deep, it's true, it's true I don't like your energy, I don't like it
You don't have to see it that way
You gon' have to keep the peace
Or you gon' have to clear my space
If I'ma take a beat
It's 'cause you was in my way
But if you wanna take the lead
You're gonna have to learn my pace
I don't like your energy, I don't like it
You don't have to see it that way
