

Survive

Dope

Woman's Voice: "What do you have to say to the individuals who have intentionally misinterpreted or miscommunicated your message, and to those who have blatantly lied, cheated, or stolen directly from you?" Fuck 'em Can't stop me think I'm messing around

You think I'm messin around
Well are you messin around with me
Truth is I've seen the ups and the downs
And through the losses and the founds
Well I'm right where I wanna be Stop thinking every body's shakin
You never get a break you're never gonna go
Stop thinking every body's shakin
I never gotta break but
I survive
You can try but you can't deny me
I survive
Like a lie that just won't die
I survive Fuck you ya think I'm messin around
You think I'm messin around
Well I ain't messin around you see
Back off you'll find your ass on the ground
And when I roll through your town
Well I'll be layin you down to sleep Stop thinking every body's shakin
You never get a break you're never gonna go
Stop thinking every body's shakin
I never gotta break but
I survive
You can try but you can't deny me
I survive
Like a lie that just won't die
I survive
