

# You Have Fallen from Grace

## Unter Null

Unter Null  
The Failure Epiphany  
You Have Fallen From Grace  
My final offer to you  
Is one pound of flesh  
One pound of sin  
These deeds have gone unjustified  
You entered forceful in my life  
I've nothing more to offer  
While  
You take more and more and more  
I can't face the day  
You hid the sun  
And everything is dark again  
You broke my heart  
Tore me apart  
You broke me down  
You broke me apart  
You broke me down  
I hope you rot  
Oh, i hope you rot  
I've nothing more to offer  
While you take more, and more, and more..
