

# Can't Help Falling In Love

[Andrea Bocelli](#)

Wise men say  
Only fools rush in  
But I can't help  
Falling in love with you. Shall I stay  
Would it be a sin  
If I can't help  
Falling in love with you Like a river flows  
Surely to the sea  
Darling, so it goes  
Some things are meant to be So take my hand  
Take my whole life, too  
For I can't help  
Falling in love with you Some things are meant to be  
Take my hand  
Take my whole life, too  
For I can't help  
Falling in love with you  
For I can't help  
Falling in love with you
