

Tomorrow Til Infinity (feat. Gunna)

Young Thug

[Intro]

(Hope I see you, tomorrow
I'm tryna see you, tomorrow)
I'm the black Christian Gray, you know what I'm sayin'
(I wanna be you, tomorrow)
I got fifty shades of baes with me, fifty different bitches
Yeah!
(I want you, tomorrow
I'm tryna see you, tomorrow
I'm tryna see you, tomorrow
Tomorrow)
I know you act right, right
I got three bitches on a slide
I put some Forgis on my ride
Me and my dawgs headed to the sky
Cloud nine calling me
Couple bad bitches too
I got mine on me
Listen to them digits, ooh
Feet up, baby girl, let's live
PJ money yeah, bae let's go on a limb
Two racks for my shooter, my Jimmy Choo
My bitch in Chanel, pity the fool
I got Chanel on my socks, silk and Versace her crotch
Ben and Jerry, gotta eat her ice cream
I came from pillow to post
Ice in my bag, my back on froze
Penthouse home, Chicago
Yeah, my second home
I'm in that limo
I just got back home
I got my money now
Tat my reals, hillstone
I just wanna see tomorrow
I'm tryna see tomorrow
Let's fly away
Long time, ain't late
I was speed racing, ayy
I know you right, right, right
But I'm tired of try-y-ying
No matter what you gotta stay by my side
Right or wrong, you better ride or die

'Til infinity, 'til infinity, 'til infinity, 'til infinity
Ride, ride, ride, 'til infinity
I'm 'bout to buy you your own ride
I don't need you involved in homicides
Getting a weave in case you think you fried
I'm 'bout to fuck this ho outside
Horses make my three-wheeler slide
Actavis gang 'til I, die
Shawty was weak, oh-oh (gangbangers)
Shawty was weak, oh-oh
Hold up, money is the reason I arrived
Bitch, I keep a knife like Michael Myers
I was 'bout to stab 'em thirty times like porcupines
But I got the rainbow diamonds on like Mike 'n' Ikes
Oh yeah, oh yeah
Oh yeah
Oh, yeah
I know you right, right, right
But I'm tired of try-y-ying
No matter what you gotta stay by my side
Right or wrong, you better ride or die
'Til infinity, 'til infinity, 'til infinity, 'til infinity
Ride, ride, ride, 'til infinity I want you, tomorrow
I'm tryna see you, tomorrow
I'm tryna see you, tomorrow
Tomorrow
