

# Alarm

## Lookas & Krewella

[Verse 1]

Nobody said it'd be easy  
But we took a train to the ceiling  
And I'm on all of my feelings  
Don't wake me up from this dream

[Pre-Chorus 1]

I bought a one way ticket to space  
Let's get outta here  
I heard Jupiter's nice this time of year  
Out in the wild, find our Eden  
Let's stay a while, then I'm leaving

[Chorus]

Sound the alarm  
In my heart  
Aaaah, we're taking off  
Sound the alarm  
In my heart  
Aaaah, we're taking off  
Don't let go, I want your body around  
All around, a-all around  
Sound the alarm  
In my heart  
Aaaah, we're taking off

We're taking off

[Verse 2]

Found you in all of the madness  
I heard your voice in the static  
Your skin on my skin like a magnet  
I won't look down when we crash

[Pre-Chorus 2]

I bought a one way ticket to space  
Let's get outta here  
I heard Jupiter's nice this time of year  
You turn my world on its axis

Out here where anything happens

[Chorus]

Sound the alarm  
In my heart  
Aaaah, we're taking off  
Sound the alarm  
In my heart  
Aaaah, we're taking off  
Don't let go, I want your body around  
All around, a-all around  
Sound the alarm  
In my heart  
Aaaah, we're taking off

We're taking off

We're taking off

[Bridge]

Nothing really matters when our love is made of matter  
Diamonds start to shatter 'til we're out of control  
Nothing really matters when our love is made of matter  
Got me spinning faster 'til I'm out of control

[Chorus]

Sound the alarm  
In my heart  
Aaaah, we're taking off  
Sound the alarm  
In my heart  
Aaaah, we're taking off  
Don't let go, I want your body around  
All around, a-all around  
Sound the alarm  
In my heart  
Aaaah, we're taking off

Aaaah, we're taking off

We're taking off
