

Piano

Kiesza

[Verse 1]

I still remember you
Held me like a picture frame
While staring in your eyes
My mind's still in the memory

Talking like I'm bulletproof
My heart's playing Hunger Games
Knowing that when you and I collide
I'll give you everything

[Pre-Chorus]

When I try to run away, you make me bring it right back
And I don't think I've ever had a feeling like that
Oh, your love is not fiction, It's the realest I've seen
But you don't even know what you're doing to me

[Chorus]

You, you
You're setting off a fuse, fuse
You make me wanna break the rules, rules
Come put your hand on my piano

You, you

No you ain't got nothing to prove, prove
You got me breaking all the rules, rules
So put your hand on my piano

[Verse 2]

Thought I don't wanna lose
It's subtle how you say my name
Acting like I'm in control, I fold
You're taking over me

Lost baby, here's the truth
I'm blindfolded in your maze
Body's glowing in the dark
And art's all that I ever need

[Pre-Chorus]

[Chorus]

[Bridge]

Looking for a way out, but I can't go
Cause babe, I even see you with my eyes close
Babe, I even see you with my eyes close

Looking for a reason but I've got none
Cause secretly I don't think I want one
Honestly, I don't think I want one (yeah)

Don't know what you do too

[Chorus](2x)
