

Will Smith (feat. Not3s)

Geko

[Geko:]

Anytime you feel lonely

We do private karaoke

Any vocals, you can show me

But where's your courage, baby?

Just hit this high note with me

And ride low with me, girl

Like a Cadillac, be my Jada, I'll be the man in black

If you love me, girl

If you love me, girl

If you love me, girl, I'll be Will Smith

If you love me, girl

Para when you shoot cos I keep fallin'

Mama, said if you love something, put it all in

Gimme them lips and hips

I ain't tellin' no fibs, I'ma sing some riffs

If you wanting me too, Mrs. from a Miss

Go in for the kiss, I really wanted it to end like this

Is it funny to you?

See, when you see, my mama
Somebody got you on your need, my mama
Feel like you got me on my knees in the dark, closed door in traps
So please, my mama, don't be afraid

Anytime you feel lonely
We do private karaoke
Any vocals, you can show me
But where's your courage, baby?

Just hit this high note with me
And ride low with me, girl
Like a Cadillac, be my Jada, I'll be the man in black
If you love me, girl
If you love me, girl
If you love me, girl, I'll be Will Smith
If you love me, girl

[Not3s:]

Fresh Prince up in the scene and givin' you time ain't been easy
But things will only get harder, before it gets better, believe in me
I'm not the type to do public affection, but your love's too infectious
You at my crib at the latest hours, but still go all of your lectures
You've gone through high and low with me, gone through high and low
And I can't thank you enough for all you've done for me

That's why you gotta stay
We a pair, like your body shape
Walk away, 'cause I love the way your backa shake
Turn around, go give them a smile and show them why you be the best thing about

[Geko:]

Just hit this high note with me
And ride low with me, girl
Like a Cadillac, be my Jada, I'll be the man in black

If you love me, girl
If you love me, girl
If you love me, girl, I'll be Will Smith
If you love me, girl

Anytime you feel lonely
We do private karaoke
Any vocals, you can show me
But where's your courage, baby?

Just hit this high note with me
And ride low with me, girl
Like a Cadillac, be my Jada, I'll be the man in black

If you love me, girl
If you love me, girl
If you love me, girl, I'll be Will Smith

If you love me, girl
